

*-BSPS-*  
*"Bright Spot"*  
*Three and Fours Preschool*  
*With Kathy Miller*

Kathy Miller has been a special educator for 21 years, and joined Bright Start when it opened in 2001. Kathy holds three teaching certifications including elementary education, special education and physical education. She has two children of her own, and enjoys spending time with family, sports and travel to her cottage.

Kathy currently leads the Three and Four Year Old Preschool programs at BSPS. Both Preschool programs are inclusive of all children, and take place at our Fairport location.

When asked about her personal philosophy on early childhood education and children with special needs, Kathy responded that she feels every child is unique! Her goal is to help each child, regardless of developmental level, reach their full potential! Kathy enjoys coming to work each day because of her desire to help young people. When questioned about what makes BSPS a special place to work and learn, Kathy explained, "Karen (our owner), has a true love for children. She is our families' biggest advocate!"

Kathy is a true asset to Bright Start Pediatric Services. Her level of education, many years of experience, and dedication to our communities next generation, distinguish the preschool program at BSPS from others in our area. After 21 years of teaching, Kathy continues to demonstrate passion for the field. A final offering made by Kathy at the time of this interview sums up her level of commitment-- "Each day is different and I am always learning something new. I wouldn't change a thing!"
